

Touchless Visitor Management

In the post-Covid-19 world, it is mission critical to provide a touchless experience for guests and tenants. This is a necessary function to create a healthy, welcoming and sustainable work environment and we're here to help your buildings.

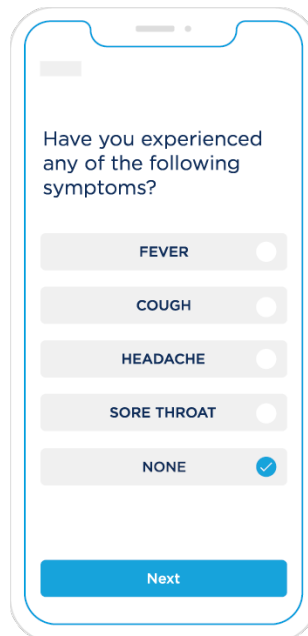

Our enhanced visitor management product, complete with touchless, guest registration, QR code support and Covid-19 questionnaire system ensures that guests can quickly register themselves before they come on-site and safely visit your tenants.

Advanced Features

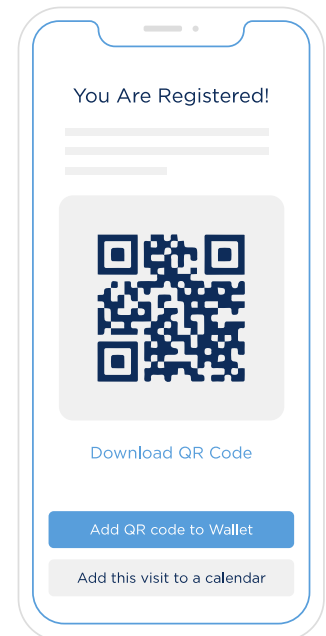

- Customize Branding
- Photo Capture
- Instant Arrival Notifications
- Print Visitor Badges
- NDAs and Document Signing
- Native Multi-Tenant Support
- Employee Directory
- Reporting and Analytics

1. Visitor Pre-Registration:
Simply add guests from our mobile or web applications.

2. Custom Questionnaire:
Guest receives invitation to check-in. Create custom COVID-19 health questions for every guest.

3. QR Code Issued:
Guest completes check-in form, then receives QR code key that integrates to elevators, turnstiles or any other access point.
