

# The Genea + Arcules Integration

Connect your security and video surveillance systems with the Genea + Arcules integration.

## Connect Video to Security

IT and security teams can sync door access events to video footage using this API integration. Each time an access event occurs, corresponding video is sent to the Genea Security dashboard. Just click and view.

## Intuitive Features

Map doors to corresponding cameras. When an access event occurs, a video feed will appear in the Genea dashboard.

See live video from anywhere in your building or facility.

View multiple video feeds from one camera wall.

## Simple Setup

- ✓ Click the integrations tab within the Genea Security dashboard.
- ✓ Enter your Arcules API Key.
- ✓ Customize your video capture settings.
- ✓ Map your Arcules cameras to your Genea doors.
