

The Genea + Cisco Meraki Integration

Unify your access control and video surveillance systems with the Genea + Cisco Meraki integration.

Sync Events in Real Time

Using an API key, system administrators can sync door access events to video footage. Each time an access event occurs, corresponding video is sent to the Meraki dashboard. Just click and view.

Intuitive Features

-  Sync live cameras to doors
-  Monitor all streams from one video wall
-  Receive GIFs of access events within Slack
-  Scrub through video quickly

Simple Setup

- ✓ Click the integrations tab within the Genea Access Control dashboard
- ✓ Enter your Meraki API Key
- ✓ Customize your video capture settings
- ✓ Map your Meraki cameras to your Genea doors
