The Genea + Cisco Meraki Integration

Unify your security and video surveillance systems with the Genea + Cisco Meraki integration.

Sync Events in Real-time

Using an API key, system administrators can sync door access events to video footage. Each time an access event occurs, a corresponding video is sent to the Genea Security dashboard. Just click and view.

Intuitive Features

Sync live cameras to doors

Receive GIFs of access events within Slack

Lock and unlock doors from the Genea dashboard

Picture-in-picture monitoring

Scrub through video quickly

Simple Setup

✓ Click the integrations tab within the Genea Security dashboard

✓ Enter your Meraki API Key

✓ Customize your video capture settings

✓ Map your Meraki cameras to your Genea doors
