

# The Genea + Eagle Eye Integration

Premiere cloud-based access control meets video surveillance with the Genea + Eagle Eye integration.

## Sync Events in Real Time

Using an API key, system administrators can sync door access events to video footage. Each time an access event occurs, corresponding video is sent to the Genea Access Control dashboard. Just click and view.

## Simple Setup

Integrating access control with your video management system has never been easier.

- ✓ Click the integrations tab within the Genea Access Control dashboard
- ✓ Enter your Eagle Eye API Key
- ✓ Customize your video capture settings
- ✓ Map your Eagle Eye cameras to your Genea doors

## Intuitive Features

Genea Access Control + Eagle Eye gives you the security you need from only one dashboard.

Sync live cameras to doors

Map cameras to the doors

Reference and compare access events to video footage

Monitor live video feeds from multiple cameras right from one dashboard

Personalize video walls for each system administrator
