

# The Genea + ExacqVision Integration

Cloud-based access control meets video surveillance with the Genea + ExacqVision integration.

## Sync Events in Real Time

Using an API key, system administrators can sync door access events to video footage. Each time an access event occurs, corresponding video is sent to the Genea Access Control dashboard. Just click and view.

## Intuitive Features

Genea Access Control + Exacq gives you the security you need from only one dashboard.

View live video feeds within Access Control

Map cameras to the doors

Camera Wall to view all video streams within one window

Advanced video player features

Quick Grant and Door Unlock

## Simple Setup

Integrating access control with your video management system has never been easier.

- ✓ Click the integrations tab within the Genea Access Control dashboard
- ✓ Enter your Exacq API Key
- ✓ Customize your video capture settings
- ✓ Map your Exacq cameras to your Genea doors
