

The Genea + Rhombus Integration

Access control and video management are now one with the Genea + Rhombus integration.

Integrate with a Simple API

Connect door access events to security video with a simple API key. When an event occurs, video is sent to the dashboard in Access Control.

Easy-to-Use Features

Genea Access Control + Rhombus gives you the security you need from only one dashboard.

Map live cameras directly to doors

Monitor all streams in real-time

Identify employees with facial recognition technology

Use Event Markers to fast incident review

Integrates into the Genea Access Control dashboard

Simple Setup

Integrating access control with your video management system has never been easier.

- ✓ Click the integrations tab within the Genea Access Control dashboard
- ✓ Enter your Rhombus API Key
- ✓ Map your Rhombus cameras to your Genea doors
