Genea Security

BENEFITS

Experience the flexibility of cloud-based, non-proprietary access control. Genea's state-of-the-art software pairs with non-proprietary hardware, helping you monitor your buildings, add users, and save time.

Automate Manual Processes

Pre-program credentials to save time, and streamline security with integrations.

Multiple Locations, One Login

Consolidate and manage multiple locations from one dashboard. Perfect for CRE portfolios and large enterprises.

Mobile Touchless Experience

Go mobile. Prioritize convenience and safety from parking garage to suite with the perfect touchless experience.

THE PLATFORM

A Solid Foundation for a Flexible Future

100% Cloud-Based

Delegate tasks, generate reports, and manage access on the go.

Non-Proprietary, Open-Source Hardware

Never rip and replace hardware again. Non-proprietary gives you the flexibility to change without the added expense.

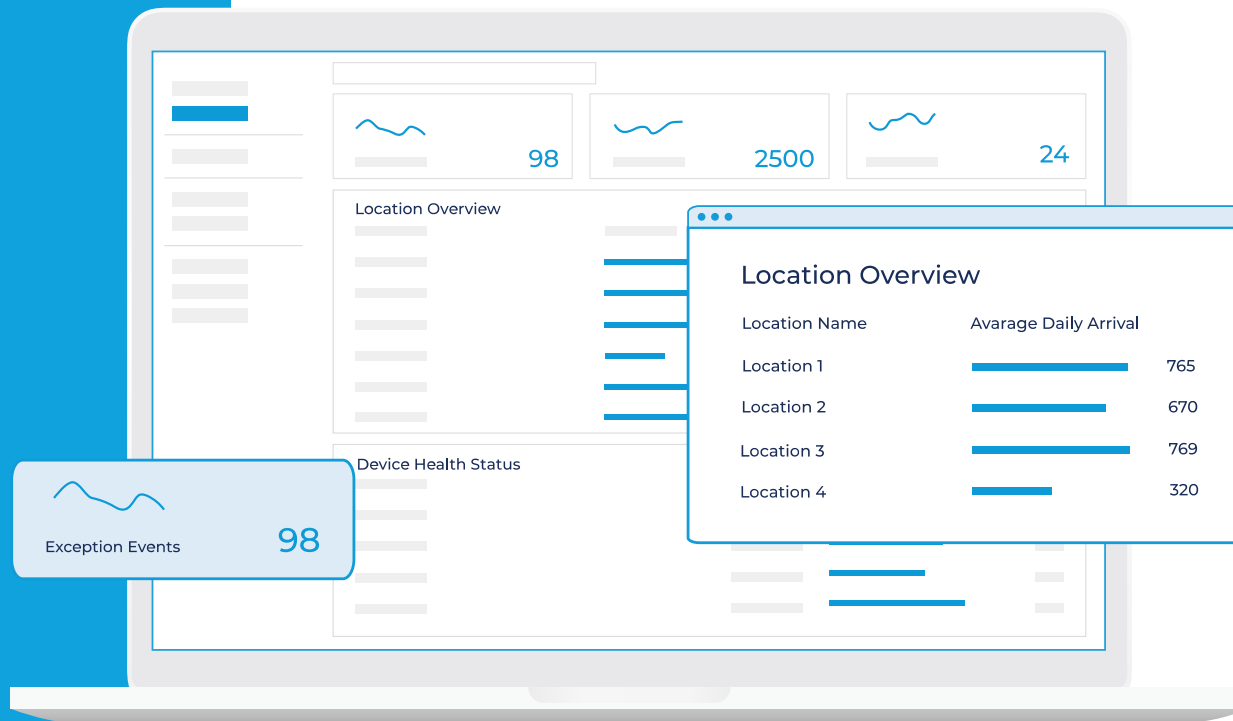

Mobile or Physical Credentials

Use your existing access cards or switch to mobile. Stop paying for a separate HID portal and buying mobile keys.

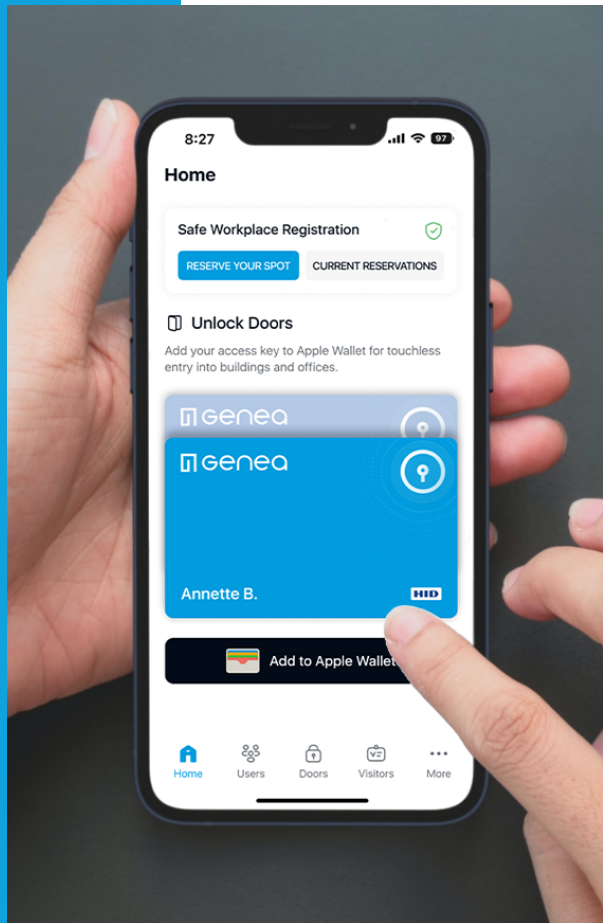

Native & Custom API Integrations

Streamline your workflow by connecting Genea Security with your software stack.

FEATURES

Requested by Customers, Designed for You

Global Dashboard

Monitor your entire portfolio using one dashboard. Add and remove users from one window.

Door Plan Alerts

Specify and program access plans in case of an emergency. Select which doors will lock and unlock.

Apple Wallet

Store your employee badge alongside credit and debit cards on your iPhone. Tap your iPhone or Apple Watch to enter the building or suite using advanced NFC technology.

Safe Workplace

Put health and safety first with capacity planning, contact tracing, health questionnaires, and more.

Building Sync Tenant Portals

Allow tenants to self-manage their employees' access to the building, parking garage and other access points. No more waiting days for a manually provisioned card.

Badge Design and Printing

Customize physical and digital access badges to fit your brand.

Custom Reporting

Generate recurring access control audits, hardware status reports and more right from your dashboard. With just a few clicks, these reports can be scheduled for automatic delivery straight to your inbox.

INTEGRATIONS

Connecting Systems for a Seamless Experience

Video Management

Integrate with powerful, real-time video surveillance.

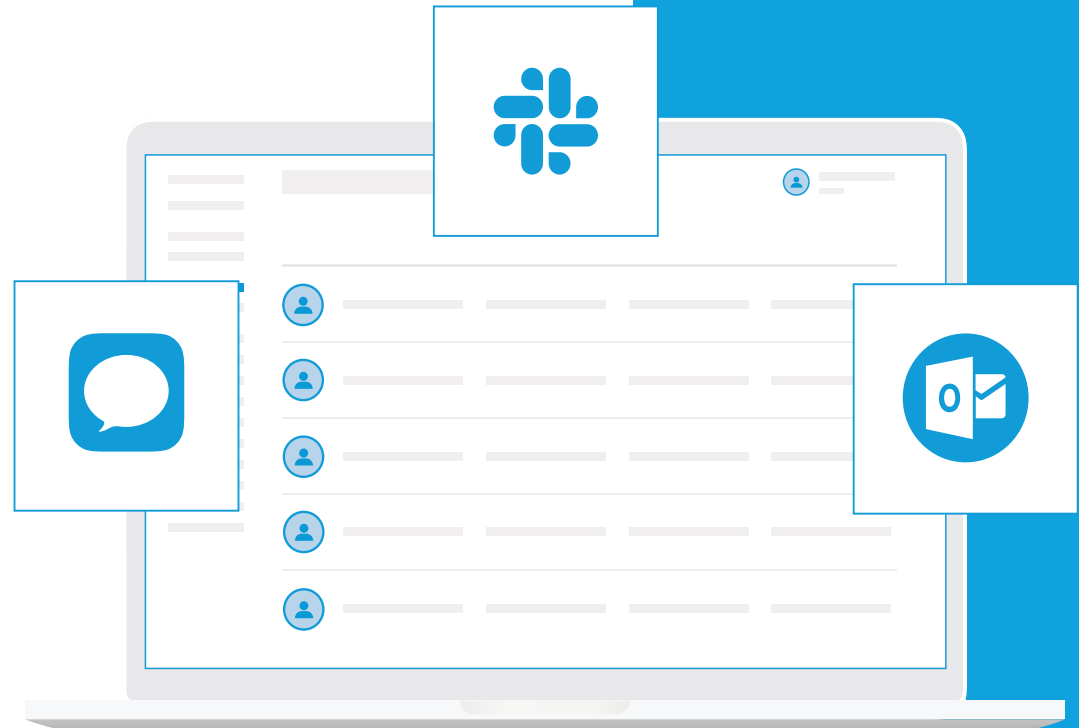

Visitor Management

First impressions matter. Give guests a frictionless visitor experience while keeping your building safe.

Identity Management

Add and remove users faster. Integrate with tools like Azure, Google Workspace, Okta, and more.

Genea integrates with communication, elevator, web automation, and more. Visit www.getgenea.com/integrations for additional information.

OUR CUSTOMER APPROACH

At Genea, we take your success seriously. With direct communication to our product team, educational material, and 24/7 support, we are the partner you can depend on.

White-Glove Service

Together with our network of certified partner installers, we will ensure your system is deployed quickly and easily.

Customer-Focused Product Development

Genea works with customers to craft products most relevant to your operations.

75 Net Promoter Score

Customers come first at Genea. Our net promoter score proves it. (NPS measures brand loyalty and satisfaction.)

24/7/365 Direct Support

Unlimited, U.S.-based support and monitoring means you, your employees or tenants and equipment are taken care of around the clock.
